

# **INFORMATION TECHNOLOGY PROJECT REPORT (402)**

**on**

## **WEB DEVELOPMENT using HTML,CSS**

*A report submitted in partial fulfilment of the requirement for the award of The  
degree of*

**X - CLASS**

**by**

**Name :-**

**Roll No. :-**

**School ID :-**

**Class :-**

**Under the Guidance of**

**Mr. Sanskar Dwivedi**

**2021-2022**

**Sky Public School**

**Bijnour Road, Sarojini Nagar, Lucknow.**

## **CANDIDATES DECLARATION**

I hereby certify that the work, which is being presented in the Report, entitled **WEB DEVELOPMENT using HTML,CSS**, in partial fulfilment of the requirement and submitted to the **SKY PUBLIC SCHOOL** is an authentic record of my work carried out during the period **18/10/2022** to **05/11/2022** under the guidance of **Mr Sanskar Dwivedi.**

**Date: 05-11-2022**

**Signature of the Candidate**

# **ACKNOWLEDGEMENT**

**Sky-Id**

**Name:**

## **TABLE OF CONTENTS**

<b>Content</b>	<b>Page No</b>

## **LIST OF ABBREVIATIONS**

1. HTML-Hypertext Markup Language
2. CSS-Cascading Style Sheets
3. JS – Java Script
4. SQL- Structured Query Language
5. IDE – Integrated development environmenrt
6. API - Application Programming Interface
7. DNS - Domain Name System
8. HTTP - Hyper Text Transfer Protocol
9. SEO - Search Engine Optimization
10. URL - Uniform Resource Locator
11. Wi-Fi - Wireless Fidelity
12. WWW - World Web Wide

## HTML Introduction

- HTML is the standard markup language for creating Web pages
- HTML describes the structure of a Web page
- HTML elements tell the browser how to display the content

### A Simple HTML Document

#### Basic Example

```
<!DOCTYPE html>
<html>
  <head>
    <title>Page Title</title>
  </head>
  <body>
    <h1>My First Heading</h1>
    <p>My first paragraph.</p>
  </body>
</html>
```

Handwritten annotations:

- A bracket on the left groups the `<html>`, `<head>`, and `<body>` tags, with the word "TAGS" written next to it.
- A bracket on the right groups the `<h1>` and `<p>` elements, with the word "CONTENT" written vertically next to it.

What is an HTML Element?

**An HTML element is defined by a start tag, some content, and an end tag:**

The HTML **element** is everything from the start tag to the end tag:

`<h1>My First Heading</h1>`

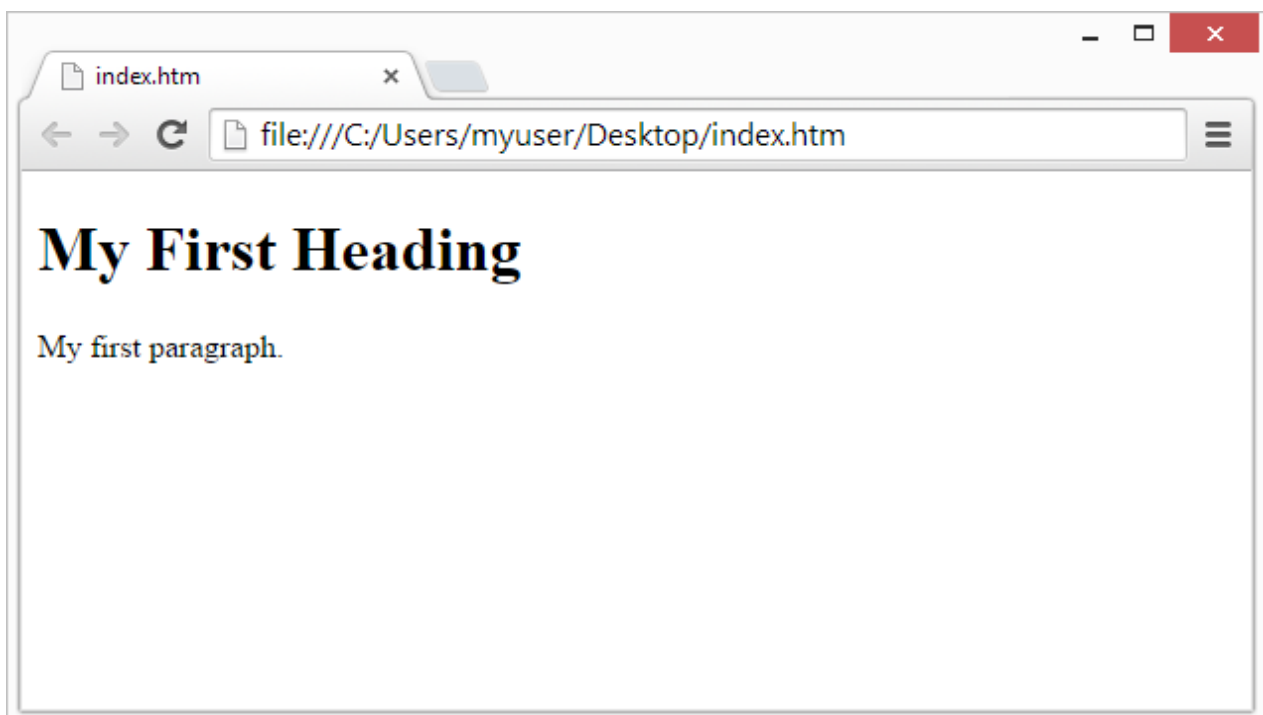

`<p>My first paragraph.</p>`

## RESULTS

Web Browsers

The purpose of a web browser (Chrome, Edge, Firefox, Safari) is to read HTML documents and display them correctly.

A browser does not display the HTML tags, but uses them to determine how to display the document:

# HTML WRITING FORMAT.

## Step 1: Open Notepad (PC)

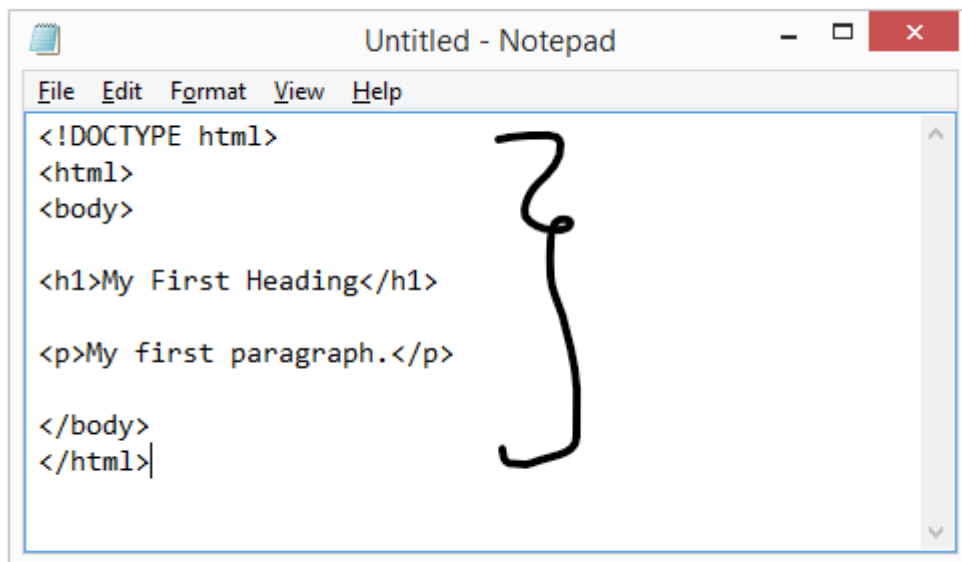

**Windows 8 or later:**

Open the **Start Screen** (the window symbol at the bottom left on your screen). Type **Notepad**.

---

## Step 2: Write Some HTML

Write or copy the following HTML code into Notepad:

A screenshot of the Notepad application window titled "Untitled - Notepad". The menu bar includes File, Edit, Format, View, and Help. The text area contains the following HTML code:

```
<!DOCTYPE html>
<html>
<body>

<h1>My First Heading</h1>

<p>My first paragraph.</p>

</body>
</html>
```

A large, handwritten closing curly bracket "}" is drawn on the right side of the code, spanning from the opening <body> tag down to the closing </html> tag.

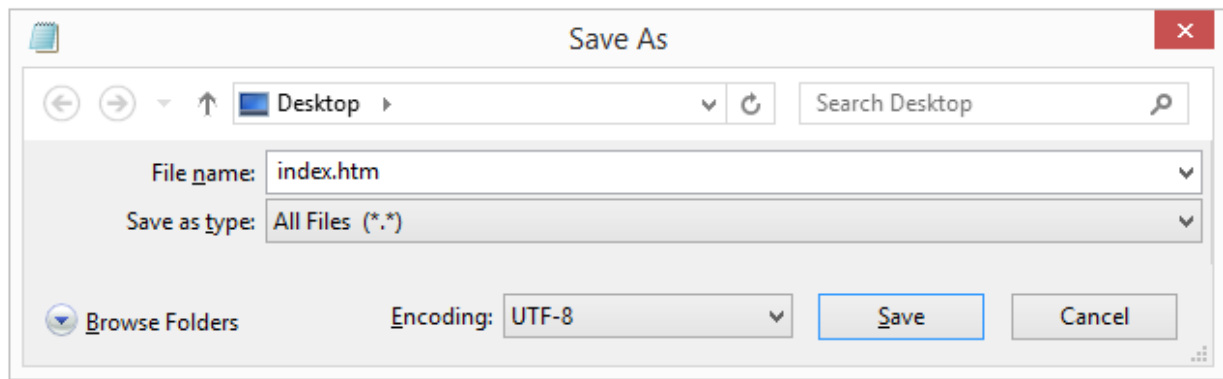

---

## Step 3: Save the HTML Page

Save the file on your computer. Select **File > Save as** in the Notepad menu.

Name the file **"index.html"** (which is the preferred encoding for HTML files).

## What is CSS?

Cascading Style Sheets (CSS) is used to format the layout of a webpage.

- Internal CSS

An internal CSS is used to define a style for a single HTML page.

An internal CSS is defined in the `<head>` section of an HTML page, within a `<style>` element.

The following example sets the text color of ALL the `<h1>` elements (on that page) to blue, and the text color of ALL the `<p>` elements to red. In addition, the page will be displayed with a "powderblue" background color:

```
<!DOCTYPE html>
<html>
<head>
<style>
body {background-color: powderblue;}
h1 {color: blue;}
p {color: red;}
</style>
</head>
<body>
<h1>This is a heading</h1>
<p>This is a paragraph.</p>
</body>
</html>
```

}  
code

→  
Results

This is a heading

This is a paragraph.

### A few facts about me!!

Our staff are dedicated to enhancing the lives of children with diverse special needs by providing evaluations and other services for children to achieve full and independent lives.

We are proud to be affiliated with the Central Board of Secondary Education (CBSE) and we are committed to delivering our educational standards as demanded by the board. We offer high quality instructional learning to our students from nursery through grade 12 under strict guidelines set by the board and have articulated specific grade level curriculum for all our content area disciplines. Our teaching staff is guided to assess and review the overall progress of every child under their sections to help improvise and offer cognitive assistance wherever and whenever required.

### Message from SKY

- I realize that choosing a school for your child is a huge and vital decision for not only your child's future relies on it but also your own desires are closely entwined with it
- We provide more than just knowledge and knowing.
- I believe education is a blend of academia, arts, sports, creativity and we take it as an obligation on our institution to provide a conducive environment for every child to foray into his/her desired field with this harmonious blend of versatile learning.
- I laid foundation of this school back in 2015 with an aim to carry on the legacy of my grandfather to providing affordable quality grassroots education to all spheres of our society
- I pray may God, in His divine benevolence, continues to lead our institution to brighter and greater heights for generations to come.
